### Wednesday, November 15, 2006

TUTORIALS	Track 1	Track 2	Track 3
Morning SESSION 1 09:00 – 10:30	<b><u>Unicode 5.0 Tutorial: Part 1 - Characters in Action</u></b> (09:00 - 09:45)  <u>Asmus Freytag</u> President ASMUS, Inc.	<b><u>Internationalization: An Introduction</u></b>  <u>Addison Phillips</u> Internationalization Architect Yahoo!	<b><u>Web Internationalization - Standards and Best Practices</u></b>  <u>Tex Texin</u> Internationalization Architect Yahoo!
10:30 - 10:45 Morning Refreshments			
Morning SESSION 2 10:45 – 12:15	<b><u>An Introduction to Writing Systems &amp; Unicode</u></b> (09:45 - 12:15)  <u>Richard Ishida</u> Internationalization Activity Lead W3C	<b><u>Internationalization: An Introduction (Cont'd)</u></b>	<b><u>Web Internationalization - Standards and Best Practices (Cont'd)</u></b>
12:15 - 13:15 Lunch			
Afternoon SESSION 1 13:15 – 15:30	<b><u>Unicode 5.0 Tutorial: Part 2 - Fundamental Specifications</u></b>  <u>Asmus Freytag</u> President ASMUS, Inc.	<b><u>Best Practices in Software Localization Process and Technology</u></b>  <u>Elsebeth Flarup</u> Globalization Architect, IBM Corp. <u>Soeren Bendtsen</u> Advisory IT Specialist, IBM Corp.	<b><u>Internationalization and Localization in Microsoft .NET</u></b>  <u>Bill Hall</u> MLM Associates, Inc.
15:30 – 15:45 Afternoon Refreshments			
Afternoon SESSION 2	<b><u>Unicode 5.0 Tutorial: Part 3 - Unicode Algorithms</u></b>  <u>Asmus Freytag</u>	<b><u>Managing Internationalization Projects</u></b>	<b><u>Making Sense of Oracle Character Sets and Length Semantics</u></b>  <u>Pierre Cadieux</u>

15:45 – 18:00	<i>President ASMUS, Inc.</i>	<i>Eva Sanchez Director of Project Management Basis Technology</i>	<i>President i18N Inc.</i>
---------------	----------------------------------	----------------------------------------------------------------------------	--------------------------------

**18:00-19:00 Welcome Reception hosted by Basis Technology - Red Fox Room, 2<sup>nd</sup> Floor**

**Thursday, November 16, 2006**

09:00 - 9:15	<b>Welcome &amp; Opening Remarks</b> <i>Mark Davis - President, UNICODE Consortium</i>
--------------	-------------------------------------------------------------------------------------------

09:15 – 10:00	<b>Keynote Presentation: One Laptop per Child – \$100 Laptop</b> <i>Nicholas Negroponte - Chairman, One Laptop per Child and Chairman Emeritus, MIT Media Laboratory</i>
---------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**10:00 - 20:00 EXHIBIT AREA OPEN**

10:00 – 10:30 Morning Refreshments in Exhibit Area

PRESENTATIONS	<b>Track 1</b> <i>Web Internationalization</i>	<b>Track 2</b> <i>Techniques/Case Studies</i>	<b>Track 3</b> <i>Applications</i>	<b>Track 4</b> <i>Languages/Scripts</i>
10:30 – 11:20 SESSION 1	<b><u>Internationalizing Style on the Web: What's Planned for CSS3</u></b>  <i>Richard Ishida Internationalization Activity Lead, W3C</i>	<b><u>Undetecting the Encoding: Choosing a Legacy Encoding Algorithmically</u></b>  <i>Addison Phillips Internationalization Architect, Yahoo!</i>	<b><u>Microsoft Office 2007 – International Collaboration and Analysis</u></b>  <i>Gwyneth Marshall International Program Manager, Office Microsoft Corporation</i>	
11:30 – 12:20 SESSION 2	<b><u>StringPrep: Unicode in Network Protocols</u></b>  <i>Raghuram Viswanadha Software Engineer, ICU Team IBM Corp.</i>	<b><u>Parsing Personal Names</u></b>  <i>Richard Gillam Software Engineer IBM Corp.</i>	<b><u>Keyboards on Win32: Beyond the Keyboard Layout Creator</u></b>  <i>Michael Kaplan Technical Lead Microsoft Corporation</i>	<b><u>Tasmeem - Ultimate Arabization</u></b>  <i>Thomas Milo President DecoType</i>

12:30 - 13:30 Lunch

13:30 – 14:20 SESSION 3	<b><u>Collation in ICU</u></b>  <i>Steven R. Loomis Globalization Center of Competency, IBM Corp</i>	<b><u>Character Conversions from Browser to Database: or There and Back Again</u></b>  <i>John O'Conner Technical Writer Sun Microsystems</i>	<b><u>Unicode in Office for Macintosh: Past, Present, and Beyond</u></b>  <i>Han-yi Shaw Lead Program Manager Macintosh Business Unit Microsoft Corporation</i>	<b><u>Unicode in Education</u></b>  <i>Adil Allawi Technical Director Diwan Software Limited</i>
----------------------------	--------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------

14:30 – 15:20  SESSION 4	<b><u>Building Multilingual Websites with ASP.NET 2.0</u></b>	<b><u>How to be a CSI (Encoding Crime Scene Investigator)</u></b>	<b><u>Local Language Program</u></b>	<b><u>Web Development Considerations for Unicode-based Text Processing in Uyghur Language</u></b>
	<u>Marin Millar</u> Globalization Manager Microsoft Corporation	<u>Tex Texin</u> Internationalization Architect Yahoo!	<u>Andy Abbar</u> Director, International Strategic Initiatives Microsoft Europe	<u>Waris Abdukerim Janbaz</u>  Researcher/Ph.D. Candidate University of Paris VIII

15:20 – 16:00 Afternoon Refreshments in Exhibit Area

16:00 – 16:50  SESSION 5	<b><u>Ich bin eine Website – The Impact of Language and Culture on Internationalization &amp; Localization</u></b>	<b><u>A Forest of Tries</u></b>	<b><u>Windows Vista, An Ever Expanding View of Internationalization -- Updated</u></b>	<b><u>Investigation of Encodings in Legacy Khmer TrueType Fonts and Possibility of Auto Encoding Detection</u></b>
	<u>Evan Gerber</u> User Experience Consultant Molecular	<u>Richard Gillam</u> Software Engineer IBM Corp.	<u>Russ Rolfe</u> Lead Program Manager Microsoft Corporation	<u>Toshiya Suzuki</u> Research Assistant Hiroshima University
17:00 – 17:50  SESSION 6	<b><u>A Generic Content Localization Taxonomy</u></b>	<b><u>Sorting It All Out: More Words on Collation</u></b>	<b><u>Unicode Transition Planning for Solaris</u></b>	
	<u>Christian Donner</u> Director, Distributed Systems Aviva Life Insurance Co.	<u>Michael Kaplan</u> Technical Lead Microsoft Corporation	<u>Ienup Sung</u> Staff Engineer Sun Microsystems, Inc.	

18:00 - 20:00 Conference Reception in Exhibit Area

## Friday, November 17, 2006

PRESENTATIONS	<b>Track 1</b> <i>Web Internationalization</i>	<b>Track 2</b> <i>Techniques/Case Studies</i>	<b>Track 3</b> <i>Applications</i>	<b>Track 4</b> <i>Languages/Scripts</i>
09:00 – 09:45	<b>Keynote Presentation: <u>Where Would We Be Without UNICODE?</u></b>			
	Moderator: <u>Dr. Richard Soley</u> , Chairman & CEO, Object Management Group Panelists: <u>Mark Davis</u> , President, UNICODE Consortium <u>Richard Ishida</u> , Internationalization Activity Lead, W3C <u>P. J. Plauger</u> , President, Dinkumware, Ltd. <u>Erkki Kolehmainen</u> , Coordinator, Cultural Diversity Issues in ICT, CSC-Finnish IT Center for Science			
9:45 - 10:00 Morning Refreshments				
10:00 – 10:50	<b><u>What's New in Software Globalization Standards</u></b>	<b><u>A Brief History of Character Encoding</u></b>	<b><u>Panel: Deploying the Common Locale Data Repository</u></b>	

SESSION 7	<p><u>Mark Davis</u> President UNICODE Consortium</p>	<p><u>Richard Gillam</u> Software Engineer IBM Corp.</p>	<p><b>Moderator:</b> <u>Steven R. Loomis</u> Globalization Center of Competency IBM Corp.</p> <p><b>Panelists:</b> <u>Mark Davis</u> Google <u>Mark Garrett</u> ModernGigabyte <u>Tex Texin</u> Yahoo! <u>Ram Viswanadha</u> IBM <u>Daniel Yacob</u> The Ge'ez Frontier Foundation</p>	
11:00 – 11:50  SESSION 8	<p><b><u>Advanced Java Globalization</u></b></p> <p><u>Charles Hornig</u> Globalization Architect IBM Corp.</p>	<p><b><u>Internationalization of the Travelport B2C Platform</u></b></p> <p><u>Michael Alford</u> Senior Architect Travelport, Inc.</p>		

12:00 - 13:00 Lunch

13:00 – 13:50  SESSION 9	<p><b><u>The Why, Who, When and How of Efficient Globalization Testing</u></b></p> <p><u>Dale Schultz</u> Globalization Test Architect IBM Corp.</p>	<p><b><u>Unicode in Google</u></b></p> <p><u>Mark Davis</u> Google (President UNICODE Consortium)</p>	<p><b><u>Embedding Unicode Support into Printers</u></b></p> <p><u>Fred Susi</u> Senior Product Manager <u>John Fay</u> Senior Product Specialist Zebra Technologies Group</p>	<p><b><u>Panel: Unicode and the "Lesser Known" Scripts: Historic and Minority Scripts in Unicode, New Developments and Requirements</u></b></p> <p><b>Moderator:</b> <u>Deborah Anderson</u> Researcher UC Berkeley</p> <p><b>Panelists:</b> <u>Daniel Yacob</u> Ge'ez Frontier Foundation <u>David Germano</u> University of Virginia <u>Leonard Muellner</u> Brandeis University <u>Neel Smith</u> College of the Holy Cross</p> <p>Add'l Panelists, TBA</p>
14:00 – 14:50  SESSION 10	<p><b><u>Globalization Testing using Eclipse™</u></b></p> <p><u>Charles Hornig</u> Globalization Architect IBM Corp.</p>	<p><b><u>Implementing Multilanguage Databases</u></b></p> <p><u>Jennifer DeCamp</u> Foreign Language Technology Program Manager MITRE</p>	<p><b><u>International Features of Mac OS X</u></b></p> <p><u>John Harvey</u> Engineer Apple Computer</p>	

14:50 – 15:10 Afternoon Refreshments

15:10 – 16:00  SESSION 11	<p><b><u>The Theory and Practice of Pseudo-Translation</u></b></p> <p><u>Addison Phillips</u></p>	<p><b><u>A Case Study of eBay UTF-8 DB Migration</u></b></p> <p><u>Nelson Ng</u> Chief Globalization</p>	<p><b><u>New Internationalization Features of the Java Platform - Java SE 6</u></b></p> <p><u>Naoto Sato</u></p>	<p><b><u>Chinese Dilemma: How Many Ideographs are Needed?</u></b></p> <p><u>Kuang-Hui Chiu</u> Associate Professor</p>
---------------------------------	---------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------

	<p><i>Internationalization Architect Yahoo!</i></p>	<p><i>Architect eBay Inc.</i></p>	<p><i>Java Internationalization Engineer Sun Microsystems, Inc. <u>Craig R. Cummings</u> Principal Software Engineer Oracle Corporation</i></p>	<p><i>National Taipei University <u>Chi-Ching Hsu</u> Standard and Business Planning IBM Taiwan Corp.</i></p>
<p>16:10 – 17:00</p> <p>SESSION 12</p>	<p><b><u>The Localization Process and Applicable Standards</u></b></p> <p><u>Pierre Cadieux</u> President i18N Inc.</p>	<p><b><u>Overhauling a C++ Application to Use Unicode</u></b></p> <p><u>Charles Hornig</u> Globalization Architect IBM Corp.</p>	<p><b><u>From Parchment to the Web: Integrating and Encoding the Archimedes Palimpsest Transcriptions</u></b></p> <p><u>Michael B. Toth</u> Program Manager R.B.Toth Associates <u>Doug Emery</u> Data Manager Emery IT</p>	<p><b><u>Build GB18030 from Unicode Features</u></b></p> <p><u>Su Liu</u> Cheng Xu Advisory Software Engineers IBM Corp.</p>

*Program is subject to change.*
